

Supplier docu Dürr Mercedes-Benz Standard

- Guidance on the preparation of technical documentation for suppliers -.

1. Why must the documentation be delivered in the appropriate form?

For Mercedes-Benz projects, the documentation must be created SLE-compliant. (SLE=MB parts list editor). For this purpose, the documentation scopes of the Dürr suppliers must also already be delivered in the corresponding form.

2. In which languages is the documentation to be delivered?

German/English **and** in the language of the **country of final destination** (see purchase order)

3. What volumes are to be delivered and in what form?

The following folder structure must be observed

No.	Scope of delivery	Description	Template + File Format
01	Operating instructions	Operating instructions according to the Machinery Directive	PDF
02	Spare parts list / parts list	see template - spare parts list with original manufacturer and manufacturer part numbers for all spare and wear parts.	DE_STL_05_01_AM2_Stuecklisten_Import.xlsx
03	General drawings	Drawing with positioned spare and wear parts. The positioning must correspond to the spare parts list.	PDF
04	Detail drawings of components	Drawings for all spare and wear parts of in-house production parts.	PDF
05	Data sheets / Safety data sheets	Data sheets in German/English for all purchased parts (catalog goods) from the original manufacturers, also drawings if necessary	PDF
06	MB part-numbers	If available, see material release list.	z.B. Material_Release_20211206.xlsx
07	Drive dimensioning	Only for motors	PDF
08	Maintenance plan and Lubrication list	see template - incl. maintenance activities for parts from sub-suppliers. Reference to the supplier documentation is not permitted.	DE_VI_08_133_46_AM2_Wartungsplan.xlsx
09	Circuit diagram	EPLAN as PDF	PDF
10	EC Declaration of Conformity or Declaration of Incomp.	according to MRL/DGRL/ATEX/Low span/gas	PDF

4. How is the documentation to be transmitted to Dürr?

The technical documentation is to be sent in **digital form** by the agreed deadlines either to the responsible technical editor (if known) or to documentation.pfs@durr.com. Links to company websites (URL) are explicitly not accepted.
